## Report of the Well Child Clinic

---

The clinic for well children of Pre-school age was held June 19, 1934, in the church parlors. This clinic is conducted by the State Department of Public Health. The purpose of these conferences is to check up on all children in the community from one year to the school age and to assist mothers by diet conferences, instructions in habit training and the correction of defects. It is not intended to replace the family physician or dentist. On the contrary, cases needing attention are always referred to the family physician and dentist. By bringing your children to the clinic each year you can correct defects before they become serious and gain valuable help from the specialists in charge of the clinic.

Following is the statistical report of the conference.

Total number examined			22
Pre-school			17
Entering school			5
Study of Defects:			
Nutritional	9	Glands	8
Posture	1	Lungs	1
Skin	1	Habit	6
Eyes	1	Teeth	10
Throat	8		

A study of these defects will show that most of them can be corrected with very little financial outlay. The teeth can be cared for by the school dentist. Habit and nutritional defects can be corrected by time, patience, and the

advice given to mothers attending the clinic. The Chadwick clinic is established for children having lung defects. Throat, gland and eyes can be treated at the local hospital for a very moderate sum. Strong, healthy bodies are most important and every parent should see to it that in this matter our children have a good start, at least.

Following is a study of nutritional defects:

63% showed good nutrition.

23% showed slight defects.

14% showed moderate defects.

9% need more milk.

32% need more fruit.

32% need more vegetables.

46% need more whole grains.

9% need budget assistance.

5% on welfare.

Recommendations: one qt. of milk daily for each child, including milk used in cooking.

At least two vegetables daily, one raw (exclusive of potato). Fruit daily if possible, and at least four times a week. Use more dark breads.

Comparing the reports of the 1933 and 1934 clinics, most of the children showed a gradual gain. Follow-up visits have shown gains in most cases. The great need is for a more earnest appreciation of the value of the clinic to us and our children. This clinic is a project which should have the support of every public-spirited citizen in the community.

Bring your children to the clinic next year. Let us make the attendance 100% in 1935.

## Report of School Nurse

---

To the Superintendent of Schools:

I have the honor to present my first annual report which will include the work done by Mrs. Coleman from January to June of last year.

The children have been weighed and measured at regular intervals, and all were given the regular eye test this fall. In the spring the regular physical examination was given all children by the school physician, Dr. Ryan. Four half days were given to this work.

In September, 1934, two children were taken to the Chadwick clinic in Easthampton for X-ray examination. In October the same children were taken to the clinic in Easthampton, accompanied by their parents, for chest examination and dietary instruction. One child was taken to the orthopedic clinic in Northampton.

The dental clinic was held in January, 1934. Following is the statistical report: school population, 84; children examined, 84; children with dental defects, 75; children receiving dental care, 39; children receiving dental certificate, 29; children receiving prophylaxis, 17; temporary extractions, 12; temporary fillings, 25; permanent extractions, 5; permanent fillings, 42; total number of operations, 101.

A study of this report shows that slightly more than half of the children needing dental care have received it. There is urgent need for more money in order that we may give dental care to those who need it and whose parents

cannot afford to pay for it.

A series of health talks has been given the children suited to their ages. A few home visits have also been made.

The fall work was interrupted by outbreaks of scarlet fever and chicken pox. Almost daily visits were made at the school during that time, and other work was interrupted.

I cannot close my report without a word of appreciation for the teachers who have co-operated so splendidly in the work I have tried to do. The work is new to me and I appreciate their advice and assistance. The school committee, too, has been very sympathetic.

Respectfully submitted,

MABEL C. BRIDGMAN, R. N.

# Report of Superintendent of Schools

---

To the School Committee;

I herewith submit my tenth annual report of the schools of Westhampton.

The depression slump seems to be slowly disappearing in education. Washington experts are of the opinion that ebb tide in schools has ended. While they have been severe enough, Massachusetts' sufferings are in no wise comparable to the ills of other states in the south and the west.

Owing to a shift in pupil enrollment, the third grade was retained in the primary room this year, making three grades there, two in the intermediate room, and three in the grammar room. It may be found advisable at some future time to put the sixth grade into the intermediate room and offer a first year high school course in the grammar room. Algebra, citizenship, English, and Latin could be given in this way, thus simplifying the problem of conveying the freshmen to high school. In effect, the grammar room would become a small junior high school. It would be somewhat cheaper than the present plan.

The standard achievement tests used show the general average of the school to be well above the standard average.

The work of the school has gone smoothly and efficiently, except for the interruptions caused by various epidemics. The report of the school nurse explains this more fully.

Some much needed text books have been supplied, and it is hoped that next year more can be purchased.

If a telephone were installed, it would be of great

service to the community as well as the school. At present it is necessary to impose on neighbors when parents and children wish to communicate. The expense would be small.

The following are the attendance figures for the school year ending in June, 1934:

Center School	Whole Number	Average Membership	Average Attendance
Dorothy Harwood	28	27.88	26.67
Gertrude Cady	37	36.81	35.11
Esther Johnston	19	18.93	18.25
	<hr/>	<hr/>	<hr/>
Totals	84	83.62	80.03

I wish to thank the teachers for their faithful work, and the committee for its co-operation.

Respectfully submitted,

HERBERT D. CASEY,  
Superintendent of Schools

## Articles in Warrant

---

TOWN MEETING, MARCH 4, 1935

Ten o'clock A. M.—Prompt

Article 1—To choose a Moderator to preside at said meeting.

Art. 2—To choose a Town Clerk.

Art. 3—To hear and act on all reports presented at said meeting.

Art. 4—To choose all necessary Officers to serve the ensuing year.

Art. 5—To see if the town will vote to leave the care of highways in charge of the Selectmen.

Art. 6—To see if the town will vote to authorize its Board of Selectmen to appoint one of its members to act as Superintendent of Streets, and fix the salary to comply with Section 4A Chapter 41, General Laws.

Art. 7—To vote in compliance with Section 108, Chapter 41, General Laws, which requires salaries of elected officers to be fixed by vote of the town.

Art. 8—To raise and appropriate such sums of money as may be necessary to defray town charges the ensuing year.

Art. 9—To see if the town will raise and appropriate a sum of money for the observance of Memorial Day.

Art. 10—To see if the town will vote to ratify and confirm the doings of its town officers.

Art 11—To take action in regard to the collection of taxes.

Article 12—To see if the town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1935, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period less than one year in accordance with Section 17, Chapter 44, General Laws.

(Other articles may appear in posted warrant )

# State Audit

---

The Commonwealth of Massachusetts  
Department of Corporations and Taxation  
Division of Accounts

State House, Boston,

November 7, 1934

To the Board of Selectmen,  
Mr. Levi Burt, Chairman,  
Westhampton, Massachusetts.

Gentlemen :

I submit herewith my report of an audit of the books and accounts of the town of Westhampton for the period from December 17, 1931, to September 6, 1934, made in accordance with the provisions of Chapter 44 of the General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts

Mr. Theodore N. Waddell,  
Director of Accounts,  
Department of Corporations and Taxation,  
State House, Boston.

Sir :

As directed by you, I have made an audit of the books

and accounts of the town of Westhampton for the period from December 17, 1931, the date of the previous audit, to September 6, 1934, and submit the following report thereon:

The financial transactions of the town, as recorded on the books of the several departments receiving or disbursing money for the town, were examined and checked.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were compared with the orders of the selectmen authorizing the treasurer to disburse town funds. The cash book was footed for the period of the audit, the bank account was reconciled with a statement received from the bank of deposit, and the cash on hand was proved by an actual count.

Ledger accounts were compiled and analyzed, a trial balance was taken off, and a balance sheet showing the financial condition of the town as of September 6, 1934, was prepared and is appended to this report. This balance sheet indicates that the town is in very good financial condition.

The accounts of the tax collector were examined and checked. The poll, property, old age assistance and motor vehicle excise taxes outstanding at the time of the previous examination were audited, all subsequent commitment lists of taxes were proved with the assessors' warrants, the recorded collections were checked with the commitment books and with the treasurer's record of receipts, the abatements were compared with the assessors' record of abatements granted, and the outstanding accounts were listed and proved. The collector's cash on hand September 6, 1934, was verified by an actual count.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on

the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct

It was noted that the collector does not make weekly payments to the treasurer as required by Section 2, Chapter 60, General Laws, which reads, in part, as follows:

“He shall, once in each week or oftener, pay over to the treasurer all money received by him during the preceding week or lesser period on account of taxes and interest, including any sums received as interest on moneys received by him on account of taxes and interest and deposited in any bank ”

The receipts from dog and sporting licenses issued were checked, and the payments to the town treasurer and the Division of Fisheries and Game were verified. The cash on hand September 6, 1934, was proved by an actual count.

The surety bonds of the treasurer, tax collector, and town clerk were examined and found to be in proper form.

Attention is called to the fact that a report of the audit, or a summary of its essential features, should be published by the town clerk, thereby complying with Section 40, Chapter 44, General Laws.

The savings bank books representing the investment of trust funds in the custody of the treasurer were examined, the income being proved and the withdrawals verified.

The accounts of the trustees of the Street and Wright Charity Funds were examined and checked. The recorded receipts were compared with the amounts withdrawn from the funds and the payments were verified. The cash balance on September 6, 1934, was proved by reconciling the bank account with a statement furnished by the bank of deposit.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax and departmental accounts, together with tables showing the transactions and condition of the trust funds.

During the progress of the audit, co-operation was received from all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts
